

Every Child, Every Family, Everywhere guides the inclusive, nondiscriminatory nature of the Scout Programs of Adventure Scouts USA. Our Scouts and Members bridge every community. They each have unique qualities and identities. We are continuing a journey that will take our Scout Programs into every city, town and village. Our Parents, Scouts and Members thought about what they value and determined our Scout Programs support the beliefs of their family. We believe after thinking about which Scout Program or Scout Organization to join or whether to join the Scout Movement at all, you and your family will conclude the Scout Programs of Adventure Scouts USA offer what your family seeks.
