

As per our mission statement: we are focused on the participation of Every Child, Every Family, Everywhere and assist in locating the necessary equipment to ensure no one is left out.

The Scout Programs of Adventure Scouts USA and individual teams can create lists of appropriate and desired equipment and help those who have more difficulty acquiring this equipment.

The Scout Programs of Adventure Scouts USA and team sponsors help Scouts by recommending less expensive retail outlets for locating desired equipment. We also help team sponsors, teams and Scouts find and apply for a variety of grants that might be appropriate. We at Adventure Scouts USA believe money should never be an obstacle for participating in the adventure of being a Scout; we encourage the participation of everyone.
