

All of our activities are age appropriate and encourages the Scout to learn about their community, their friends, and improve the bond of family.Â

While some activities for different age groups seem similar, there are varying levels of detail and experiences to be gained.Â In addition to camping and backpacking adventures, some examples of our innovative Scout activities include building websites, creating comic books, basketball, cooking, producing videos, music or short films, building and racing soapbox derby cars, and much more.Â

While our Team Counselors oversee the safety and welfare of our North Star Scouts, our Scouts choose, organize and lead all of the programs and activities of the North Star Scout Program themselves.Â Our Team Counselors counsel our North Star Scouts, rather than telling them what decisions to make, thereby encouraging the development of good decision-making skills.
