In this section you will find what makes Adventure Scouts USA unique.

It includes everything from information about us to our Scout Promise and ideals which we hold dear.

The Scout Movement is a tradition for people all over the world, and we continue these traditions today. In our Scout Programs, FUN and adventure combine with the American spirit of community service. Our Scout Programs are inspired by the past and relevant in the present and future

Our teams are self-governed. Traditional activities are influenced by a thoroughly contemporary concern for health, safety, and the choices of our Scouts.

We hope you enjoy your participation as much as we enjoyed creating the framework of your adventures. Rediscover Scouts for a whole new generation! Welcome to Adventure Scouts USA; get ready for the ride of your life!
