

Our Scouts are part of the present and also part of the future. As such, we want them to be able to look back in 10, 20, or 50 years and see who they were, what they thought, and what was going on in their lives.

One of the ways we connect Scouts with their future is through our Time Capsule. Our Time Capsule is a forum board on our website set up exclusively for our Scouts to post information about the Scout Programs or about the times they live in. We have set it up so our Scouts can look back in 10 years and see what they were thinking.

Scouts are invited to post on the topic of the Scout Programs, such as their favorite attribute of their Scout Program, or when they had the most FUN. Scouts also can post about the times they live in: what happened, what was popular, and what they felt.

At a specified point, the Time Capsule will close and will only become available again in a decade so Scouts can look back on who they were.
