

Best of America is intended to give our Scouts the opportunity to present what they think is Best about America. The presentation can take various forms from singing a patriotic song, to reading a story, to speaking from the heart, to performing a story.

Best of America is intended to be brief – Scouts get a few minutes to give their presentation. Popular choices include leading the other Scouts in singing a song like “This Land Is My Land....”, performing a skit about the founding father (costumes included!), or telling a story about a great experience they had visiting a national park.

Best of America helps our Scouts to understand and focus on the best things of our country.
